

Targus DEFCON™ VPKL - Video Port Key Lock

Price: 29.99

Item #: PA496U

Deter would-be thieves by attaching the DEFCON VPKL Video Port Key Lock. Unlike the competition, the affordable and universal DEFCON VPKL locks onto any desktop computer or notebook computer with a video port and does not require any special base plate or screws. In addition, the video bypass cable allows continued access to a monitor or projector, so you have security and convenience.

Features:

- Deter would-be thieves with the affordable and universal DEFCON VPKL
- Locks onto any desktop computer or notebook computer with a video port and does not require any special base plate or screws
- One of the toughest and strongest security locking devices out in the market place
- Utilizes a patented pass through video port cable design
- Includes 6.5 feet of vinyl-coated, stainless steel cable
- 2 sets of keys
